Abbreviations

NN: This Disease was Not Notifiable for this State for this year  
-: No Data was Recorded by this State for this year

\* See Footnotes below

Footnotes

**Hepatitis C (newly acquired):** QLD did not report in 2004  
**Hepatitis (NEC):** WA did not report in 1993  
**Hepatitis B (unspecified):** NT did not report in 1992 , 1993 , 1996  
**Campylobacteriosis:** NSW did not report in 2005  
**Shigellosis:** NSW did not report in 2000  
**Kunjin virus infection:** Disease reported as Murray Valley Encephalitis during 2003 in ACT.  
**Campylobacteriosis:** NSW did not report in 1997  
**Donovanosis:** SA did not report in 1994 , 1999 , 2001  
**Mumps:** QLD did not report in 1996  
**Tetanus:** QLD did not report in 1991  
**Dengue virus infection:** ACT did not report in 1992  
**Campylobacteriosis:** (AUS - 1991 Not reported for NSW because it is only notifiable as foodborne disease or gastroenteritis in an institution.)  
**Hepatitis (NEC):** (AUS - 1997 Hepatitis (NEC) inluded reports of Hepatitis D and Hepatitis E 1991 to 1998)  
**Hepatitis C (unspecified):** (AUS - 1991 , 1996 Hepatitis C unspecified included incident hepatitis C from all jurisdictions 1993 and 1994 and from NT and Queensland 1993 to present)  
**Arbovirus infection (NEC):** (AUS - 1993 , 1998 Data from Jan 1991 to Dec 2000 included notifications of Japanese encephalitis, Kunjin and MVE. From 2001, these diseases were notified separately from most

jurisdictions.)  
**Hepatitis C (newly acquired):** WA did not report in 2001  
**Botulism:** NSW did not report in 1994 , 1995  
**Botulism:** NT did not report in 1993 , 1997  
**Botulism:** WA did not report in 1998  
**Hepatitis C (newly acquired):** WA did not report in 1995  
**Campylobacteriosis:** (AUS - 1997 Not reported for NSW because it is only notifiable as foodborne disease or gastroenteritis in an institution.)  
**Arbovirus infection (NEC):** (AUS - 1992 , 2001 , 1994 , 2004 Data from Jan 1991 to Dec 2000 included notifications of Japanese encephalitis, Kunjin and MVE. From 2001, these diseases were notified separately from most jurisdictions.)  
**Hepatitis C (unspecified):** (AUS - 2008 Hepatitis C unspecified included incident hepatitis C from all jurisdictions 1993 and 1994 and from NT and Queensland 1993 to present)  
**Shigellosis:** NSW did not report in 1996  
**Botulism:** WA did not report in 1999  
**Dengue virus infection:** (AUS - 2009 Dengue includes a mix of local and imported cases; Data is reported by postcode of residence, rather than by postcode of acquisition. Data about place of acquisition for this disease is generally available in annual reports)  
**Ornithosis:** QLD did not report in 2001  
**Donovanosis:** NSW did not report in 2001  
**Donovanosis:** SA did not report in 1992  
**Hepatitis C (newly acquired):** QLD did not report in 1998 , 2002  
**Hepatitis C (newly acquired):** NT did not report in 1998 , 2004  
**Hepatitis (NEC):** WA did not report in 1994  
**Hepatitis B (unspecified):** NT did not report in 1991 , 1998 , 2004  
**Chlamydial infection:** NSW did not report in 1998  
**Rubella:** TAS did not report in 1994  
**Hepatitis (NEC):** WA did not report in 1997  
**Campylobacteriosis:** NSW did not report in 1993  
**Donovanosis:** SA did not report in 1998  
**Mumps:** QLD did not report in 2000  
**Tetanus:** QLD did not report in 1993  
**Ornithosis:** QLD did not report in 1998  
**Campylobacteriosis:** (AUS - 2004 Not reported for NSW because it is only notifiable as foodborne disease or gastroenteritis in an institution.)  
**Yersiniosis (NEC):** ACT did not report in 1996  
**Hepatitis (NEC):** (AUS - 1998 Hepatitis (NEC) included reports of Hepatitis D and Hepatitis E 1991 to 1998)  
**Salmonellosis:** (AUS - 1993 Excludes notifications of typhoid)  
**Arbovirus infection (NEC):** (AUS - 2006 Data from Jan 1991 to Dec 2000 included notifications of Japanese encephalitis, Kunjin and MVE. From 2001, these diseases were notified separately from most jurisdictions.)  
**Hepatitis C (newly acquired):** WA did not report in 2002  
**Botulism:** NT did not report in 1994  
**Hepatitis C (newly acquired):** WA did not report in 1997  
**Hepatitis C (newly acquired):** NT did not report in 2003  
**Hepatitis C (unspecified):** (AUS - 2005 Hepatitis C unspecified included incident hepatitis C from all jurisdictions 1993 and 1994 and from NT and Queensland 1993 to present)  
**Campylobacteriosis:** (AUS - 2000 Not reported for NSW because it is only notifiable as foodborne disease or gastroenteritis in an institution.)  
**Hepatitis C (unspecified):** (AUS - 1998 Hepatitis C unspecified included incident hepatitis C from all jurisdictions 1993 and 1994 and from NT and Queensland 1993 to present)  
**Salmonellosis:** (AUS - 2008 , 1999 Excludes notifications of typhoid)  
**Hepatitis C (unspecified):** (AUS - 2000 Hepatitis C unspecified included incident hepatitis C from all jurisdictions 1993 and 1994 and from NT and Queensland 1993 to present)  
**Hepatitis (NEC):** WA did not report in 1996  
**Ornithosis:** NSW did not report in 1991  
**Donovanosis:** NSW did not report in 1991  
**Ornithosis:** QLD did not report in 1999  
**Botulism:** NT did not report in 1995  
**Hepatitis C (newly acquired):** QLD did not report in 1999 , 2006  
**Hepatitis B (unspecified):** NT did not report in 1999  
**Hepatitis C (newly acquired):** QLD did not report in 1996  
**Campylobacteriosis:** NSW did not report in 2004  
**Donovanosis:** NSW did not report in 1998  
**Shigellosis:** NSW did not report in 1993  
**Kunjin virus infection:** Disease reported as Murray Valley Encephalitis during 2005 in ACT.  
**Haemophilus influenzae type b:** WA did not report in 1991  
**Ornithosis:** NSW did not report in 1993 , 1997  
**Yersiniosis (NEC):** ACT did not report in 1999  
**Yersiniosis (NEC):** NSW did not report in 1994  
**Campylobacteriosis:** (AUS - 1995 Not reported for NSW because it is only notifiable as foodborne disease or gastroenteritis in an institution.)  
**Salmonellosis:** (AUS - 2002 Excludes notifications of typhoid)  
**Arbovirus infection (NEC):** (AUS - 2003 Data from Jan 1991 to Dec 2000 included notifications of Japanese encephalitis, Kunjin and MVE. From 2001, these diseases were notified separately from most jurisdictions.)  
**Salmonellosis:** (AUS - 2006 Excludes notifications of typhoid)  
**Arbovirus infection (NEC):** (AUS - 1991 , 1995 Data from Jan 1991 to Dec 2000 included notifications of Japanese encephalitis, Kunjin and MVE. From 2001, these diseases were notified separately from most jurisdictions.)  
**Botulism:** WA did not report in 1993 , 1997  
**Hepatitis C (newly acquired):** NT did not report in 2002  
**Salmonellosis:** (AUS - 2005 , 2001 Excludes notifications of typhoid)  
**Arbovirus infection (NEC):** (AUS - 1999 Data from Jan 1991 to Dec 2000 included notifications of Japanese encephalitis, Kunjin and MVE. From 2001, these diseases were notified separately from most jurisdictions.)  
**Kunjin virus infection:** Disease reported as Murray Valley Encephalitis during 2008 in ACT.  
**Botulism:** WA did not report in 1995  
**Campylobacteriosis:** NSW did not report in 1999  
**Mumps:** QLD did not report in 1999  
**Hepatitis C (newly acquired):** QLD did not report in 2000  
**Hepatitis C (newly acquired):** NT did not report in 1995  
**Hepatitis D:** WA did not report in 2000  
**Hepatitis B (newly acquired):** ACT did not report in 1994  
**Hepatitis B (newly acquired):** WA did not report in 1994  
**Hepatitis B (unspecified):** NT did not report in 2002  
**Campylobacteriosis:** NSW did not report in 2006  
**Donovanosis:** NSW did not report in 1999  
**Shigellosis:** NSW did not report in 1998  
**STEC, VTEC:** WA did not report in 1999  
**Rubella:** TAS did not report in 1993  
**Hepatitis (NEC):** WA did not report in 1998  
**Campylobacteriosis:** NSW did not report in 1994  
**Dengue virus infection:** ACT did not report in 1991  
**Ornithosis:** NSW did not report in 1998  
**Yersiniosis (NEC):** ACT did not report in 1994 , 2000  
**Campylobacteriosis:** (AUS - 1994 Not reported for NSW because it is only notifiable as foodborne disease or gastroenteritis in an institution.)  
**Hepatitis C (unspecified):** (AUS - 1993 Hepatitis C unspecified included incident hepatitis C from all jurisdictions 1993 and 1994 and from NT and Queensland 1993 to present)  
**Hepatitis (NEC):** (AUS - 1992 , 1996 Hepatitis (NEC) included reports of Hepatitis D and Hepatitis E 1991 to 1998)  
**Hepatitis C (unspecified):** (AUS - 2003 Hepatitis C unspecified included incident hepatitis C from all jurisdictions 1993 and 1994 and from NT and Queensland 1993 to present)  
**Salmonellosis:** (AUS - 1992 Excludes notifications of typhoid)

**Hepatitis C (newly acquired):** WA did not report in 2003

**Arbovirus infection (NEC):** (AUS - 2007 Data from Jan 1991 to Dec 2000 included notifications of Japanese encephalitis, Kunjin and MVE. From 2001, these diseases were notified separately from most jurisdictions.)

**Botulism:** WA did not report in 1992

**Kunjin virus infection:** Disease reported as Murray Valley Encephalitis during 2007 in ACT.
