

## **Application A1061 AMYLOMALTASE AS A PROCESSING AID (ENZYME)**

### **General Procedure**

**Summary** NSW Food Authority generally supports the preferred option but believes Assessment Report Section 6.3 Labelling and Supporting Document 1 Section 3.3 should be reconsidered.

### **Specific Issues**

The reasons given for exempting modified potato starch from GM labelling are not consistent with Food Standard 1.5.2.

Paragraph 2 of SD1 Section 3.3 is not consistent with the material submitted by the applicant. 1.5-5.5% is the usage rate for modified potato starch in certain foods.

### **ENDS**

**The views expressed in this submission may or may not accord with those of other NSW Government agencies. The NSW Food Authority has a policy which encourages the full range of NSW agency views to be submitted during the standards development stages before final assessment. Other relevant NSW Government agencies are aware of and agree with this policy.**
