u-pick

corporate gifts

We are writing to you to advise that we fully support the application submitted by Qld DAFF, for the amendment of the Food Standards Code 1.5.3 to include apples; apricots; cherries; honeydew melons; nectarines; peaches; plums; rockmelons; scaloppini, strawberries; table grapes & zucchini (courgette) , on the approvals list for the use of irradiation as a pest disinfection treatment for a phytosanitary purpose.

produce

gourmet produce

We believe these approvals will allow all producers, exporters and supply chain operative's enhanced access to Australian domestic markets under the ICA – 55 protocol , as well as export markets , and that Irradiation provides to them all an efficacious and sustainable additional post – harvest disinfection option .
