Project Officer Application A605
Food Standards Australia New Zealand
PO Box 10559
WELLINGTON 6036

Dear Sir/Madam

Application A605 – Yeast mannoproteins as a food additive – Initial Assessment Report

Thank you for the opportunity to comment on this application. The New Zealand Food Safety Authority (NZFSA) has the following comments to make.

NZFSA supports, in principle, option 2, to approve the use of yeast mannoproteins as a food additive in wine. NZFSA may comment further on the application once a Draft Assessment Report is prepared.

Yours sincerely

Carole Inkster
Director
Joint Food Standards
