Dear Sir

Proposal P1018 Companion Dogs in outdoor dining areas

We support the proposed relaxation of restrictions regarding dogs in eating areas.

Our reasons are:-

- 1 This will allow dog owners to make use of cafes etc. which in turn will increase the turnover for eating establishments.
- 2 At present there is discrimination against dog owners which this legislation will obviate.
- 3 Council signs are currently ambiguous.

The attached highlighted sheet supports our submission.

If you need further reasons we would be delighted to provide them.

Yours faithfully
