- 8. Contact Person:** mike williams
- 9. Phone:** [REDACTED]
- 10. Fax:**
- 11. Email Address:** [REDACTED]
- 12. Submission Text:** i would like to add my support to a ban on the use of carbon monoxide in the treatment of fish products in Australia and a ban on the importation for sale in Australia of co treated fish as it makes the determination of fish quality and freshness visibly impossible which puts the end user at risk buying a product which could be a health risk and is almost certainly not value for money recently the domestic tuna market in australia has seen an increase in these types of products putting cosumers at risk and undermining prices on the fresh market for australian tuna fisherman who rely on their products freshness and natural appearance in the market place
